

Reimbursement Analyst
St. Luke's Hospital & Health Network

St. Luke's Hospital & Health Network is expanding! Located in the Lehigh Valley region of Eastern PA, we are currently recruiting a seasoned **Reimbursement Analyst**, reporting to the Director of Network Reimbursement. This newly created position ensures reimbursement optimization through accumulation and maintenance of appropriate financial data, to be used in the preparation of third party cost reports and internal financial analyses for a multi-entity health care system. This position will undertake complex special projects aimed at identifying new revenue opportunities.

If you are experienced in Reimbursement and are looking to further your career, please send your resume to: scheirs@slhn.org. We offer a very attractive benefit plan which includes free health insurance and a defined contribution plan.
